

On April 7, 2022, the youth of the Scientific school "Young musicologists" of Atyrau university named after Kh.Dosmukhamedov took part in the International scientific and practical conference "Youth and science: present and future".

Nurzia Alpamyskyzy, a 2nd-year student of the specialty "music education", was awarded a Diploma of the II degree for reading a report on the topic " Akbobek-Kayyp story: Love songs " and making an important report. In the report, the history of Kayyp's songs, which aroused the interest of historians, writers and musicians in the history of local history, did not leave young people indifferent.

A 4th-year student of the specialty "musical education" read the scientific results obtained as a result of two years of research on the topic: "The life and musical creativity of the poet, singer-composer Tabyldy Dosymov".
