The book was published in Almaty with the funding of the S.Koshekbayev House of culture.

The collection was compiled by B. Turmagambetova, and notes were made by students A. Kitapkali, B. Gazymova. S. Zhumagulov typed the note into the computer. The book was distributed to major libraries in the Republic. The songs in the book were systematized, recorded and published for the first time. The songs "Zhandaishap", "Kydyrbaydy", "Oralym" were included in the repertoire of the Department of the specialty "folk song". Teachers of the Kurmangazy Kazakh national conservatory were also interested in these songs. It was given to teachers of the western singing school of the Kazakh national university of arts.

2) the composition of the project is 3rd year students of the specialty "folk song" G. Tel, A. Kalieva.

As a result, the collection "Singing with dombra" was prepared, passed the Scientific council and presented to the university printing house.

The collection "singing with dombra" is an auxiliary textbook for educational institutions of additional music education. Folk lyrical songs of the western region, widely known here, were played with dombra accompaniment.
